

Maco Laminated Window restrictor

For use on PVCu, timber or aluminium windows

The Maco Laminated restrictor is an automatically engaging spring loaded window restrictor for use on side or top hung windows. The Maco Laminated Restrictor is supplied in ferritic stainless steel.

Various pin heights to suit all cavity sizes are available. The restrictor can be retrofitted and requires a 'two handed' operation to de-restrict the window, which enhances child safety.

Features and Benefits

- **Designed to comply with BS8213**
- **Automatically engages**
- **Easy to fit**
- **No key or tools required to de-restrict**
- **De-restriction is a two handed operation**
- **Various pin heights**
- **Suits all cavity sizes**
- **Can be retrofitted**
